MACHINISTS' STRIKE NOT YET SETTLED

Prospects For Adjustment Are Bright.

FURTHER CONFERENCE ASKED

It is Regarded as Likely That a Final Adjustment of the Differences Will Be Reached Early Next Week, One That Will Satisfy Both Parties.

Washington, Oct. 15.—While the strike of the International Association of Machinists in the shops of the Southern railway has not been settled, the prospects for an adjustment of the differences between the men and the officials of the railway are brighter than they have been for several days.

An alternative proposition was presented to the machinists either to return to work pending further negotiations, or to remain on strike until the differences had been settled.

Some of the employes voted to return to work.

President O'Connell of the association requested a further conference between the officials of the railway and the strike committee. This proposition was acceded to by the officials of the Southern railway, and the conference probably will be held either Sunday or Monday.

It is regarded as likely that a final adjustment of the differences will be reached early next week, an adjustment that will be satisfactory to both the railway and the strikers.

Steamboats in Collision.

Albany, N. Y., Oct. 15.—In what was practically a head-on collision on the Hudson river at 1:30 o'clock Saturday morning between the steamer Adirondack of the People's line, and the Saratoga of the Citizen's line, one man is believed to have lost his life, about 500 passengers had a thrilling experience, and both the steamers were damaged to the extent of thousands of dollars, the Saratoga being practically put out of commission. The missing man is George L. Horton of Troy, freight clerk on the Adirondack. The collision occurred near Tivoli, about 99 miles from New York, one of the narrowest parts of the river, while both boats were feeling their way through a dense fog which settled on the river just before 1 o'clock Friday night.

Manuscripts Exhibited.

New York, Oct. 15.—A large number of people visited the J. Pierpont Morgan collection of manuscripts which was exhibited at Columbia university Friday for the first time. The manuscripts represented some of the rarest specimens of art in the middle ages. There are 63 volumes in all, representing nearly every country in Europe, and all of them are from 300 to 1,200 years old. The oldest are samples of the Christian art of the Eighth century. One of them, a life of Christ, contains 30 full page miniatures of the brilliant coloring in which gold predominates. The specimens of English painting contain a breviary of the year 1150, with 100 miniatures of birds and beasts.

Negro Heavily Fined.

Valdosta, Ga., Oct. 15.—In the city court here Judge Oscar Smith imposed the heaviest fine of his term of office on Charles Cobb, a negro, who plead guilty to receiving a lot of hams, lard, etc., that were stolen from J. O. Wisenbaker's place. There had been a good deal of robberies reported and it was found that local hackmen were involved in it. It was also learned that Cobb had received many of the stolen goods, though he was arraigned on only one count, that of receiving the Wisenbaker hams, etc.

"HOLD-UP" MEN FIGHT POLICE.

Desperate Battle Occurs In Streets of Toledo, Ohio.

Toledo, O., Oct. 15.—A desperate encounter between policemen and three hold-up men took place early Friday at Second and Main streets, East Toledo.

One of the policemen, Joseph Schlagheik, was fatally shot and two of the highwaymen were hurt. The third man, known as "Blackie," escaped. Christ Patterson, Neil Meyer and "Blackie" held up F. H. Carnell, an insurance agent, and, after nearly choking him to death, robbed him of $45. He notified the police, and Patrolmen Schlagheik and Peter Deaunne ran the men down.

As soon as the highwaymen saw they were cornered they began shooting. The shots caught Schlagheik in the chin, knocking him completely around. Three shots struck him in the back. Deaunne's first shot broke Meyer's wrist. Then Deaunne grabbed Peterson and quieted him with his club. Meyers and Peterson struggled hard, but Deaunne held them until the patrol wagon arrived.

Plate of Peruvian Gold.

Washington, Oct. 15.—At Friday's cabinet meeting, Secretary Root produced for the inspection of his colleagues, a plate of virgin Peruvian gold which was presented to him on his recent South American tour. The plate bears the coat of arms of Peru, imposed on a foul anchor and the inscription: "The alumni of the naval school, recognizing the benevolent hospitality shown by the navy of the United States to our comrades of the Peruvian naval marine have the honor of saluting his excellency, Senor Elihu Root, secretary of state, and expressing their sympathy with the motives of his visit to Peru." The plate is 6 inches long by 4 inches in breadth and a quarter of an inch thick.

Gooch, known to the revenue officers as "King of the Moonshiners," pleaded guilty in the United States circuit court to indictments charging him with conspiracy to defraud the government. Judge Waddill fined him $1,000 and confiscated the distillery. Gooch is said to have accumulated a fortune of $500,000 by the manufacture and sale of illicit whisky. He owns thousands of acres of land in Mecklenburg county, and maintained armed guard around his place. Gooch kept inquisitive neighbors off by riding around the outskirts of the estate every night heavily armed and firing his gun in the air.

City Reclaiming Land.

New Orleans, Oct. 15.—Special dispatches from Pensacola say that the city police, reinforced by a gang of 20 laborers, on Friday destroyed partly built cottages and fences erected by squatters on water front land which the recent hurricane swept bare. The squatters were driven off by order of Mayor Charles H. Ellis. The property in dispute belongs to the city, but for many years before the storm squatters were in almost complete possession of it. $1,000,000 LOSS CAUSED FAILURE

Alleged Part of Money Used to Aid Cuban Rebels.

SILVEIRA IS NOW LOCATED

It is Estimated Liabilities Are Less Than $200,000—Application For Receiver—Other Concerns Forced to Wall by Failure.

New York, Oct. 15.—Manuel Silveira, the Cuban banker, whose alleged embezzlement of $1,000,000 belonging to J. M. Ceballos & Co., caused that firm's failure, financed the recent revolt in Cuba, according to Havana advices to the New York Times. Part of the money, it is stated, was spent in the purchase of arms. Silveira's activity in the revolution is declared to have been due to a quarrel with President Palma. They had been together in some large cattle deals, Silveira supplying the stock from Palma's estate in Rayamo, while these deals were proceeding, Silveira became interested in the Lacon theater deal, which involved a loan to the government. While this deal was pending Palma found that he had been badly beaten in a cattle deal and thereupon frustrated the theater transaction.

Silveira, at that moment, became Palma's enemy and began plotting a revolution. Then he employed Jose Miguel Gomez as manager of his sugar estate. The government openly persecuted Gomez, sending troops with artillery to coerce the people near the estate to refuse to deal with Gomez or Silveira. The result was the dismissal of Gomez, who went to New York. Then Silveira began other negotiations and when the insurgent leaders took the field he supplied them with funds. The government learned of Silveira's complicity and had prepared to arrest him when he purchased freedom by the ostensible gift of 500 horses and the betrayal of Quentin Banderos. Intervention by the United States brought about the situation where Silveira's treachery to both sides was bound to appear, with consequent danger to his life. He thereupon apparently laid hands on what cash was available and fled. This is the story from Havana.

Reports have been current in New York from the first that it would be found that Silveira was concerned in the Cuban revolution, and that Juan M. Ceballos of the bankrupt firm, declared that in his opinion the reports were wrong. If they were true, Mr. Ceballos said, he knew nothing about Silveira's work for the revolutionists.

John S. Fisk, a member of the Ceballos banking firm, declared also Friday night that, in his opinion, Silveira had had nothing to do with the revolt. He declared positively also that Mr. Ceballos certainly had no share in any business of that sort.

"Silveira must have been crazy," said Mr. Fisk. "I can think of no other explanation for what he has done."

Meantime no word of Silveira's whereabouts has been found. All South American ports are being watched, but so far nothing has been heard of Silveira or the cattle carrying steamship in which he fled.

A member of the firm of J. M. Ceballos & Co. reiterated the belief that Silveira had gone to Venezuela and would stay there. He said a brother of President Castro was Silveira's partner in the Venezuelan cattle trade monopoly, and Silveira was a close friend of President Castro. There was no treaty between Cuba and Venezuela, and it would be almost an impossible task to get Silveira. William Nelson Cromwell, counsel for the assignee, said that if it was found that Silveira was in Venezuela, he did not believe that Ceballos & Co. would spend much money to get him extradited. The Seville Packing company of this city, importers of olive oil and olives, is the first concern forced to the wall as a result of the suspension of Ceballos & Co.

Mr. Ceballos is the heaviest stockholder, and his two partners are officials of the company. It appears as

bankruptcy was filed Friday against it by attorneys for small creditors.

It was intimated that the liabilities were less than $200,000. In the application for the receiver it was stated that the assets are more than $50,000.

Guilty of Taking Funds.

Valdosta, Ga., Oct. 15.—Lawyer J. L. Dowling of Madison, Fla., was Friday convicted of embezzling money he had collected for the firm of A. S. Pendleton company of this city. The account which he collected was sent him by Woodward & Smith of this city. In his defense, he stated that he had done much business for Woodward & Smith and that they owed him $229, though he had admitted that he had never rendered them an account of same. They denied owing him anything and produced letters to show that what they said was true. The court withheld the sentence, though he has the discretion of making it a fine, or a term in prison, or in the penitentiary, as he may see fit. Lawyer Dowling is a young man and has been at Madison only a few years.

Strong Stand Favor of Law.

Woodville, Ga., Oct. 15.—The Law and Order League of Woodville, composed of many of the best citizens of Green county, recently passed resolutions in reference to the conflicts which have occurred between the races in several cities of the south. The resolutions deprecate the work of mobs, deplore the causes leading up to it, and put the members on record as being opposed to the shipment of liquor into counties that are trying to keep it out. It calls on all citizens to use their influence to see that the law is carried out in executing the guilty and in protecting the innocent, and they pledge themselves to aid in the work of making good citizens of the negroes who are trying to do right.

Father Saw Daughter Mangled.

La Crosse, Wis., Oct. 15.—Standing helpless with her foot caught in a cattle guard at the Indian Hill crossing, 7-year-old Mamie Hunt watched the on-rushing freight train, which killed her, while Dagna Sensiad, her 6-year-old campanion, vainly tried to signal the engineer. Sitting upon a brake wheel on top of the train was John Hunt, the girl's father, a brakeman, unconscious that his child was being ground to death beneath the wheels. The girls were returning from school when the Hunt child's foot became caught. Dagna Senstad ran to meet the train, waving her arms and screaming, but the engineer did not see her.

Woman Led Burglars.

New York, Oct. 15.—Prints of a woman's rubber soled shoe, leading to a window of Arthur Coppel's summer home at Tenafly, N. J., gave convincing proof to detectives that a woman was leader of a gang of burglars that broke into the house before daylight and stole $5,000 worth of silverware. The track of an automobile was found near, by and the woman's footprints were traced to within a short distance of them. This is the fifth burglary in Tenafly and vicinity within a week, and in nearly every instance the automobile tracks were found.

TWO NEW TRAINS TO BE INAUGURATED

Night Service Between Jacksonville and St. Petersburg.

WILL RUN VIA GAINESVILLE

Trains Will be Equipped With Fin[illegible] Pullman Cars and Day Coache[illegible] Extension of Service to Trenton and Wilcox Will Also be Made.

Owing to the extraordinary heavy travel at this season of the year, together with indications that the travel from the North will set in at least a month earlier than usual this season, the Atlantic Coast Line, it is said, will inaugurate its double daily service on the Jacksonville and St. Petersburg division a month earlier than usual, and the next schedule, which will be issued within the next two weeks, will inaugurate the night schedule between Jacksonville and St. Petersburg, via Gainesville. There will be a night train leaving Jacksonville about 9 o'clock and St. Petersburg about the same hour, each way, which will be equipped with Pullman sleepers and first-class day coaches.

This new train will afford an extra accommodation to the traveling public, which will be appreciated. Superintendent Glass is authority for the statement that the equipment of the trian this season would be all that can be desired, and that passengers may travel with safety and comfort.

Another improvement in the service of the Atlantic Coast Line, which will be effective with the next schedule, will be the extension of the service on the Jacksonville and Southwestern division, of which an extension is now being constructed to Trenton and Wilcox, near the Suwannee river. This service will prove a great accommodation to the people of the West End, and one which will be appreciated.

Don't Like the Rock.

Several owners of automobiles about the city are very much agitated about the stray rocks about the streets which have been dropped from the wagons and permitted to remain in the streets. They declare that the rocks cut the auto tires, which is annoying, as well as expensive. Contractor Petree, who is doing the paving, does not like the proposition himself, since he declares he has not the contract for paving the entire city—and if the drivers keep permitting the rock to fall, there will be sufficient on each thoroughfare to do the work before the drivers have finished the hauling.

"And in Hell he lifteth up his eyes being in torment;" Luke 16:23. This will be Elder J. T. Butler's subject Tuesday night at the Second Advent Christian Church. Hear him answer the main objection to the doctrine of the destruction of the wicked.

Services each night this week till further notice. A cordial welcome to all.

S. A. L. AND G. & G. IN BAD COLLISION

Presence of Mind of G. & G. Engineer Probably Saved Lives.

S. A. L. CRASHED FREIGHT CAR

Engineer of G. & G. Realized That Collision Was Inevitable, and Stopped His Train in Position Where Passengers Were Saved.

Seaboard freight train, south-bound, Engineer George and Conductor McCuen, and Gainesville and Gulf combination train, north-bound from Fairfield, Engineer Jenkins and Conductor Stokes, came into collision at the junction of the two roads about 11 o'clock Monday morning with disastrous results, a freight car of the Gainesville and Gulf and a locomotive of the Seaboard being mixed up and heavily damaged. In fact, the freight car was almost demolished. The engine was thrown from the track, and blocked the way for several hours.

It seems, from what could be learned, that the engineer of the Seaboard did not bring his engine to a stop, as is required by regulations. Engineer Jenkins stopped and blew the signal, when he proceeded over the crossing, having the right-of-way by virtue of the time of arrival at the crossing. He naturally labored under the impression that the Seaboard train would give him clearing, but when he was at the crossing noticed that the Seaboard did not stop. Realizing that a collision was certain, and with that presence of mind for which he is to be commended, he brought his train to a full stop with a freight car over the crossing, thus protecting the passenger cars and passengers, of whom there were several, including General Manager Atkinson and his wife in their private car, No. 99.

Fortunately no one was injured, which is due to the presence of mind of Engineer Jenkins in stopping his train where he did.

M'CLENNY—DOBBINS.

Happy Marriage of Two Popular Young People in Cadillac.

At 9 o'clock on the morning of October 11th the home of Mr. and Mrs. C. B. McClenny, Cadillac, was the scene of one of the most perfectly charming house weddings it has ever been the happy privilege of the writer to witness, the occasion being the marriage of Miss Ruth, daughter of Mr. and Mrs. C. B. McClenny, to Mr. Hamilton F. Dobbins of Altoona, Fla.

The lovely home was most beautifully and tastefully decorated with flowers and evergreens, the goldenrod predominating with such perfect and tasteful asrangement as to make the effect most charming.

At the appointed hour the family and guests, relatives of the family, assembled in the parlor, when to the music of the wedding march softly rendered by Miss Bessie McClenny, sister of the bride, the bride and groom appeared taking their place under a lovely arch of flowers and evergreens. The ceremony was performed in a most impressive manner by the Rev. Doctor Foster of Alachua.

The bride was becomingly attired in a gray silk traveling costume with hat to match, and was a picture of loveliness, while the groom wore the conventional black and looked handsomer than usual. After the happy couple were pronounced husband and wife, and congratulations had gone around, the entire party was ushered into the dining-room, where a breakfast fit for even such an occasion awaited them, with every dish and dainty to entice the appetite that an epicurean could wish or suggest, and here at once became a scene of congenial comradeship where all were bubbling over with happiness and good cheer—amidst such conversation, wit and reparte, an hour had quickly glided by and the time had come for the party to separate. The bride and groom had soon said the good-byes and amid showers of rice, old shoes and best wishes, they took carriage for Gainesville, where they took train for the south and their future home, Altoona, where the groom has extensive business interests.

The wedding was a very quiet one, only the near relatives of the family being invited. The bride is well known, and her circle of friends too large to make it necessary to say more than that she was a most charming and popular young lady, loved by all who knew her.

The groom is a young man of sterling business qualities and principles, and whose integrity and standing as the foremost business man of his community is well known throughout that part of the State. He has a lovely home and an extensive business at Altoona.

The prospects for the future of this happy couple are unusually bright, and their happiness seems to be assured.

CATARRH SEASON.

Disease Most Prevalent in the Fall Months—Simple Way to Cure.

With the cool nights of fall, catarrhal troubles in Gainesville are becoming more and more prevalent, and J. W. McCollum & Co., as a consequence, find their sales of Hyomei increasing.

At the first warning of catarrh, one should begin using Hyomei. A few days' treatment at this season of the year will often prevent a serious and chronic attack of catarrh.

There is no stomach dosing with Hyomei. The virtues of its healing oils and balsams are breathed through a neat pocket inhaler that comes with every outfit, and in that way the medication penetrates to the most remote cells of the nose, throat and lungs, killing catarrhal germs whenever present, and soothing and healing any irritation there may be in the mucous membrane.

If you have a cold, or there is any offensive discharge from the nose, or tickling or dropping at the back of the throat; if there is offensive breath, raising of mucous, and smarting and irritation in the throat; if there are any of the symptoms that indicate catarrhal troubles, begin the use of Hyomei at once.

You take no risk in paying $1 for a Hyomei outfit, as J. W. McCollum & Co. give their personal guarantee that if the remedy does not afford satisfaction your money will be refunded at once. Extra bottles of Hyomei, if needed, cost but 50 cents, making this the most economical treatment for catarrh, as well as the most reliable.

Will Bridge Missouri River.

SORES AND ULCERS
TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores, and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge

It is said there was a flaw in the indictment. The trial was temporarily postponed and the case will be taken up by the federal grand jury.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BABY COVERED WITH SORES

Would Scratch and Tear the Flesh Unless Hands Were Tied—Wasted to a Skeleton—Awful Suffering for Over a Year—Grew Worse Under Doctors—Skin Now Clear.

WOULD HAVE DIED BUT FOR CUTICURA.

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh.

"He got to be a mere skeleton, and was hardly able to walk. My Aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little.

"I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since.

"He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. (signed) Mrs. Egbert Sheldon, R. F. D., No. 1, Woodville, Conn, April 22, 1905."

Negroes Fire at a Deputy Sheriff.

Atlanta, Oct. 13.—Unknown negro men Friday night shot two negroes on the corner of West Fair and Lawshe streets. From that place they went over to Kennedy and Strong streets and began shooting into residences. They fired into the home of A. H. Blankenship, a deputy sheriff, who lives at 58 Strong street. He went out on his front porch and told them to halt, and in answer they fired at him three times. He was not injured. Call Officers Peyton and Doyal were called out to investigate both matters. Prince Alford, a negro, who lives at 16 Lowe's alley, was wounded very badly in the shoulder, and Robert Lee, 82 Larkin street, had a slight flesh wound. The officers were unable to locate the negroes.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

SLAVE CAMPS IN FLORIDA.

Startling Story Is Told the Department of Justice by a Woman.

Washington, Oct. 13.—Fresh allegations of the existence of slavery in southern Florida, below Tampa, have been made to the department of justice, and it is alleged that hundreds of men in the state, both white and negroes, are held in virtual slavery.

It is declared that those responsible for this condition of affairs are mostly northern men and companies engaged in the turpentine and lumber business and in mining phosphate rock. It is further alleged that the sheriffs of the counties in the southern part of the state are said to be parties to the enslaving of negroes in the phosphate mines, turpentine farms and lumber mills.

The department's informant, who is a woman, is said to have had an interview with Attorney General Moody, after which the department will decide upon the course it will pursue.

Don't Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Hearing Resumed.

St. Louis, Oct. 15.—The hearing of the government's ouster suit against the Terminal Railroad association was resumed Saturday, and L. M. Watts, counsel for the Terminal association, submitted data he had compiled since Friday's session with respect to the corporate existence of the association, which was done by consent in order to save time that would be spent in securing the same information from various witnesses.

A Card.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe, cough, and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

Stensland Adjudged Bankrupt.

Chicago, Oct. 13.—Paul O. Stensland, the former president of the Milwaukee Avenue State bank, now undergoing a sentence in the penitentiary, at Joliet, was adjudged a bankrupt in the United States district court. Only the personal estate of Stensland, which is estimated at $500,000, is involved in the present case.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease. It will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Of all the diseases known, with which women are afflicted, chronic kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Lydia E. Pinkham, early in her career, gave exhausive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing-down pains, scalding or burning sensations or deposits in the urine, unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back, running through the groin, she may infer that her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes:

Dear Mrs. Pinkham:—

I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the female organs. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared.

I cannot praise your medicine enough, and would advise all women suffering with kidney trouble to try it.

Mrs. J. W. Lang, of 626 Third Avenue, New York, writes:

Dear Mrs. Pinkham:—

I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly.

Mrs. Pinkham's Standing Invitation.

Women suffering from kidney trouble, or any form of female weakness, are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely given to sick women. Out of the great volume of experience which she has to draw from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always helpful.

REPORTS FROM CUBA.

Everything is coming along beautifully in Cuba, according to all official advices, and one may expect at any moment to hear that battle, murder and sudden death have broken out in almost any quarter. Officially the Cubans are coming in and laying down their arms with lamb-like docility, but there is a smoulder of smoke that portends a fire in several localities. The relatives of Congressman Villuendas, who was killed last year in Cienfuegas, have declared that they will not abide by the proclamation of Secretary Taft, which extended amnesty to the Congressman's slayers along with the other persons now in arms against the government. These relatives now say that they will take the matter into their own hands and avenge his death if the provisional government, or the succeeding Cuban administration, does not do so. There is trouble also in the neighborhood of Guantanamo and a report that yellow fever has broken out in the provinces of Cienfuegas and Pina del Rio. It is quite true that the yellow fever report does not carry with it the same portentiousness that attached to it during the American war with Spain. The American officials now know how to handle a yellow-fever outbreak, and it is not likely that such an epidemic will be allowed to gather any headway; but the outlook is not so cheerful as it might be for the 6 000 American troops, who are now on their way to Cuba.

The War Department, however, expresses itself as very much pleased with the showing that has been made with the transport service and the army movement generally under the direction of the General Staff. This is the first time since the creation of the General Staff that there has been any opportunity to test the efficiency of the organization. It must be admitted that the system has worked well so far, and the chances are that an improvement has been made since the days of the Spanish war.

Republican orators are calling on the voters to send Republican Congressmen back to Washington to sustain Roosevelt in his trust-busting program. What hypocrisy! Every well-informed citizen knows that but for the solid front of the Democrats in the House and Senate, there would have been no reform legislation. The letter of President Roosevelt last winter to Chairman Wadsworth in criticising thebill for meat inspection shows that trusts controlled the Republicans. Roosevelt says "in every place where you made changes they have been for the worse, and in fact had the packers (the Beef Trust) written the bill in their own interest, I do not see how it could have been different." This is what Roosevelt said of Wadsworth's bill. It speaks for itself.

Now is the time for every Democrat to get a hustle on himself and put his shoulder to the wheel, for the chances of electing a Democratic House are brighter than they have been any time since 1892. Pennsylvania and New York will each lose ten Republican Congressmen, which will cut 40 off of "Uncle Joe" Cannon's big majority. Ohio, Indiana and Illinois are each expected to send five or more Democrats in the places of sitting Republicans, which, with about two each from smaller States, will give a Democratic majority in the next House.

The political campaign in Pennsylvania needs only a three-ring tent and a peanut vender to make it the whole show.

Mr. Grover Cleveland is totally concealed amid a large pile of "sawed wood."

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. THE DESIGNER FOR DECEMBER.

Beginning with an attractive snowy and "Christmasy" cover, the December Designer offers an interesting list of seasonable articles. The patterns for midwinter garments will prove of unusual value to those planning costumes, as some practically new and fashionable effects are shown. Following these comes an expert lesson under "Points On Dressmaking," which will prove of great help to those about to attempt to make one of the Empire garments. Some unusually pretty suggestions for "Midwinter Millinery" are clearly illustrated, while "Fashionable Frivolities" and "Fashions and Fabrics" bring to light the latest notions in the little touches that make the woman well dressed. "A Bonnet for an Elderly Woman," by Catherine Campbell, gives ideas for the solution of what is often a difficult question. Some new hair ornaments to be worn with evening attire are illustrated. Christmas stories and poems follow, including an enlightening article on 'The Christmas Presents of the Rich," by William M. Vander Weyde, and a bright Christmas play for children, "Santa and the Runaways," in which the funny folks can sing and act and thereby provide a jolly time for themselves and an entertaining one for their audience.

Christmas is the season of all seasons to make the heart warm, and Christmas is the triumphal day of the home. The Designer is the magazine, too, and this Christmas it is offering an especially "homey" and bright number.

Be polite to your children. Do you expect them to be mindful of your welfare, to grow glad at your approach, to bound away to do your pleasure before your request is half spoken?

Dr. Osler's mother is living, at the age of 100, in Toronto. She is reported to be bright and spry, too. Long may she live on to exemplify the absurdity of her son's theory.

Woman's Trials.

The bitter trail in a woman's life is to be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one pledge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous.

In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for woman's use. The ingredients of which the "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on *Materia Medica* of all the several schools of practice. All the ingredients are printed *in plain English* on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr Pierce takes his patients into his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

Cheerfulness bears the same friendly regard to the mind as to the body. It banishes all anxious care and discontent, soothes and composes the passions and keeps them in a perpetual calm.

WANTS 50-YEAR FRANCHISE.

Electric Railway Company Asks For New Privileges.

Atlanta, Oct. 15.—The only matter discussed by the street railway committee Friday was the petition of the Atlanta, Griffin and Macon Electric Railway company for certain privileges, this company being represented by Colonel W. A. Wimbish and Captain W. D. Ellis, Sr.

Some time ago council granted this company a 30-year franchise. Mr. Wimbish asked that they grant a 50-year franchise, as he had found it a hard thing to finance his railway under a 30-year franchise.

Colonel Wimbish also suggested to the committee that the tax receipts from the company were not to exceed 1 per cent for the first five years and not over 3 per cent for the time thereafter.

Mr. Joel Hurt offered an objection to the committee against granting a franchise to the company to lay tracks on the street known as Exchange Place. He said it was too narrow, being only 40 feet wide, with two 8-foot sidewalks.

The committee adjourned to meet Monday morning at 11 o'clock.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." Negro Convicts Flee Arkansas.

South McAlester, I. T., Oct. 13.—Local officers were notified Friday of the escape of 15 negroes, inmates of the Arkansas state penitentiary, from a camp in the Boston mountains. The convicts are thought to be headed for the southwest. All authorities in the south and eastern Indian Territory will co-operate with special deputies in capturing the negroes. The men were working in a gang and at a preconcerted signal overpowered their guard, and set out in their convict garb. Several members of the gang are thought to be armed. A McAlester officer declared that there are between 50 and 60 negro convicts from the Arkansas prison at large in the territory.

The Most Popular Chew Made

There is real enjoyment in chewing SCHNAPPS tobacco. That's why it has won millions of chewers every year, until now more is sold than all similar tobaccos.

SCHNAPPS, the most popular product of the Reynolds factories, is manufactured in the very heart of the Piedmont tobacco belt, known to the world as producing tobacco with an aroma so delightful and appetizing that it introduced and popularized the chewing of tobacco.

Schnapps

The Clean, Pure Chew

is manufactured by the cleanest and most healthful processes ever devised, under the direction of men who have made the chewing tobacco business a life study, and who have managed the R. J. Reynolds Tobacco Company since 1875.

Only choice selections of thoroughly cured leaf are used in SCHNAPPS, and expert tests prove that this class of tobacco requires and takes a smaller amount of sweetening than any other kind of tobacco grown—and that it has a wholesome, stimulating and satisfying effect on chewers, besides being the most economical.

There are a great many imitations claiming to be "just as good" as SCHNAPPS, but there is only one *genuine* SCHNAPPS. Be sure the letters on the tag, and under the tag, spell S-c-h-n-a-p-p-s. There are more pounds of SCHNAPPS chewed every year than the total amount of all similar kinds.

Internal revenue statistics show that SCHNAPPS and others of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

SCHNAPPS is made and sold everywhere in 5c. cuts and 10 and 15c. plugs.

$50,000 to Wed Priest's Niece.

Chicago, Oct. 15.—A dispatch to the Tribune from Rock Island, Ills., says the late Father Thomas Mackin said he had given $50,000 to C. A. Plamondon of Chicago to marry his present wife, who is a niece of the priest, was the statement made by Mrs. Mary Crummie, wife of a nephew of Mackin, on the stand in the circuit court here. Mrs. Crummie was a witness in a contest which has been brought by a number of the disinherited heirs to break the priest's will.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brobaker, Ill. This remedy is for sale by all druggists.

Negro Hanged in Chicago.

Chicago, Oct. 15.—Daniel Francis, a negro 40 years of age, was hanged in the county jail here Friday for the murder of his wife, Martha Francis, and her business partner, Mary Scroggs. Francis was in constant trouble with his wife because of his refusal to work and his desire to spend all the earnings she made in the curtain-cleaning shop which she kept in company with Mary Scroggs.

Nothing to Fear.

Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by all [illegible]

HOISERY TALK.

The season has now come when it is necessary for the whole family to wear Shoes, and of course you can't wear Shoes without Stockings, and usually the Stocking bill is more than the Shoe bill. This will not be the case if you buy a standard brand of goods.

We have just received a large shipment of the celebrated BLACK CAT HOISERY for Men, Women and Children, and this brand is too well known to need much talking about. The price commences at 10c and runs up. The Boys' Hose at 15 and 25c wear almost like leather. See the line and try a pair next time you buy.

The Radcliffe Shoe for Ladies'—both button and lace—at $2.50 per pair are the best that money can buy.

We are now showing many new things in Fall and Winter Goods. It will pay you handsomely to do your trading with us, no matter what you need
